SAFIS eDR/online Data Dictionary

Primary Fields

All primary fields are required. Only one of either price or dollars is required.

The primary metale are required or entire price of actual cite required.		
Field Name	Definition	
Vessel	Vessel name, registering state, and Coast Guard or state registration number	
Date Landed	Date catch was landed	
Date of Purchase	Date landing was purchased	
Fisher	License number of the commercial fishermen	
Port	Port code of landing	
Species	Code that serves as taxonomic classification of animal	
Disposition	Abbreviated disposition code	
Grade	Code for grade (round, head, tails, etc)	
Unit of Measure	Measurement code (LB, etc.)	
Quantity	quantity reported based on the reported unit of measurement	
Price	Dollar value per unit of measure	
Dollars	Total dollars paid for landing	
Market	Abbreviated code for (jumbo, large, small, etc - size)	
Catch Source	Source of a dealer's landing (Standard, For Hire, Carred, Aquaculture, Research Set Aside)	

Additional Questions that MAY be Asked by ACCSP Partners

Required fields are set by each ACCSP partner. Please check with your licensing agency for reporting requirements of additional questions.
